Services are billed monthly in advance of receiving service each month.

1.1. Terms of Service. This Agreement governs the terms and conditions under which DNG provides you, its customer (“you” or “Customer”), Internet Access and Voice Services. By using NeuBeam Services, you acknowledge and agree to the terms and conditions of this Agreement (“Terms”).

1.2 Every time you use NeuBeam High Speed Internet Service, you are agreeing to DNG’s Terms. If DNG changes the Terms in a way that you do not accept, you may terminate the service as provided in Section 13 below.

2. Changes in Terms

The current version of the terms of this Agreement shall be available on www.neubeam.com/SERVICE-TERMS-AND-CONDITIONS.pdf. DNG may change the Terms from time to time and will notify you by e-mail. Your use of the service will be deemed to be your consent to comply with any changes to the Terms. If you do not agree to modified terms, please contact DNG immediately.

3. Charges, Billing, and Payment

3.1. Rates. You can learn the current rates for NeuBeam High Speed Internet Service and related fees by going on-line to www.neubeam.com. Charges for voice usage, when applicable, are billed in arrears (See EXHIBIT A, Additional Terms for Voice Service Customers, Section 3.1). The rates do not include taxes or surcharges, for which you are also responsible.

3.2. Customer Information. Customer is responsible for providing accurate billing and contact information and notifying DNG with any changes.

3.3. Invoices. Each month, DNG will send an invoice via e-mail to the designated customer e-mail addresses that will include all monthly fees and charges billed one month in advance, and any applicable voice usage charges from the prior month. You agree to notify DNG immediately of any changes in your Primary Email Address.

- Paper invoices are available for a \$3.00 monthly fee.

3.4. Payment. There are three standard options for paying your monthly invoice:

- **Customer Portal** - Make payment on the customer portal at myaccount.neubeam.com with credit card, e-check, or PayPal. Customer can select automatic payment on the portal or request automatic payment from customer service at 877-811-1133.

- **Invoice Link** - Pay on-line using the link on your invoice e-mail

- **Mail a check** - Mail a check to NeuBeam, P.O. Box 409, Herndon VA 20172

3.5. Late Payment; Non-Payment. If DNG does not receive the full amount you owe for NeuBeam High Speed Internet Service by the due date shown on the invoice, notice will go out via e-mail. After a 15-day grace period, service may be suspended if a payment plan is not approved by DNG.

- 3.7 Credit Check. You authorize DNG to do any credit verification DNG deems necessary and such verification may be done at any time while you are receiving DNG Internet Service. Credit verification may include a review of credit reports received from any commercially available credit bureau. You agree to provide DNG with such personal information as may be required by DNG to determine your creditworthiness and you represent and warrant that all such information is true and correct. You acknowledge that credit privileges, if granted, may be withdrawn at any time.
- 3.8. Charges Not Included with NeuBeam High Speed Internet Service. You may incur charges while using the Internet, for example, for using on-line information services and shopping on-line. You are solely responsible for those charges.
- 3.9. Billing Disputes. You must notify DNG in writing within seven days after receiving your statement if you dispute any DNG charges on that statement or you will be deemed to have waived any right to contest such charges. All notices of disputed charges should be sent to:

billing@neubeam.com

Or

Declaration Networks Group, Inc.

- 3.10 Taxes. State and local governments may assess taxes, surcharges and/or fees on your use of DNG service. These charges may be a flat fee or a percentage of your DNG charges and may change from time to time without notice. These charges are based on the rates applicable to the address you provided to us. You are responsible for all applicable federal, state, provincial, municipal, local, or other governmental sales, use, excise, value-added, personal property, public utility or other taxes, fees, or charges now in force or enacted in the future, that arise from or, as a result of, your subscription or use or payment for the Service or a Device. Such amounts are in addition to payment for the Service or Devices and will be billed to you as set forth in this Agreement. If you are exempt from payment of such taxes, you must provide us with an original certificate that satisfies applicable legal requirements attesting to tax-exempt status. Tax exemption will only apply from and after the date we receive such certificate.

4. Installation by DNG

NeuBeam High Speed Internet Service requires a technical installation and activation at your home or office. DNG shall, at a time mutually agreed, install the necessary equipment on the exterior of your premises, install the router and voice modem inside your premise at a mutually agreeable location (additional inside wiring connectivity is customer's responsibility), and test the service to ensure proper product performance. The service may not be moved to a different location without payment of a move fee. Transferring the service to a different place within a location may require further activation work by DNG or its agents, contractors, or representatives, at additional cost. If you change locations, you shall notify DNG, pursuant to the provisions of Section 13 of this Agreement, to modify or terminate your service.

- 4.1. Back-Up Requirements. The installation, use, inspection, maintenance, repair, and removal of the equipment may result in service outage or potential damage to your computer. You are solely responsible for backing-up all existing computer files by copying them to another storage medium prior to installation of the equipment, and prior to any inspection, maintenance, repair, or removal of the equipment.
- 4.2. Access; File Modification. You authorize DNG to enter your premises at a mutually agreed time, install software, reboot the system, test the service, and perform similar functions necessary for a successful installation. As part of the installation process for the software, as when most software is installed on a computer, system files on your computer, such as INI, BAT, SYS, and DLL files, may be modified or deleted. DNG does not represent, warrant, nor covenant that such modifications or deletions will not disrupt the normal operations of your computer.
- 4.3. Limitation of Liability. DNG and its employees, agents, contractors, and representatives shall have no liability whatsoever for any (i) damage to or loss or destruction of your software, files, or data arising out of installation by DNG; or (ii) damage to your computer or peripheral equipment caused by DNG in the course of installation, other than the

cost to repair or replace such hardware; or (iii) disruption of your normal telephone service during the installation process; or (iv) impacts upon or loss of any computer or software vendor warranty relating to the opening of your computer in the course of installation.

- 4.4 Installation by You or Others. DNG does not represent, warrant, or covenant that any move or installation by you or a third party chosen by you will enable you to successfully access, operate, or use NeuBeam High Speed Internet service. If you change locations, you shall notify DNG, pursuant to the provisions of Section 13 of this Agreement, to modify or terminate your service.

You will provide sufficient electricity (with certified earth ground) to operate the equipment. You agree to pay us the replacement value of any lost, stolen, damaged or unreturned equipment. We will replace any of our equipment that does not perform as specified, at no charge to you, unless we determine, in our sole discretion, that you are directly or indirectly responsible for DNG's equipment failure.
- 5.2. Router. DNG will provide and install a router (and voice modem for voice customers) at a mutually agreeable weather-proof location. Your devices can connect to the router via Ethernet cable or Wi-Fi throughout your home or office.

ADDITIONAL TERMS FOR VOICE SERVICE CUSTOMERS

1. Emergency Services - 911 Dialing

1.1 911 Dialing. All of our customers have access to either basic 911 or Enhanced 911 (E911) service. With E911 service, when you dial 911, your telephone number and registered address are simultaneously sent to the local emergency center assigned to your location, and emergency operators have access to the information they need to send help and call you back if necessary. Customers in locations where the emergency center is not equipped to receive your telephone number and address have basic 911. With basic 911, the local emergency operator answering the call will not have your call back number or your exact location, so you must be prepared to give them this information. Until you give the operator your phone number, he/she may not be able to call you back or dispatch help if the call is not completed or is not forwarded, is dropped or disconnected, or if you are unable to speak.

You authorize us to disclose your name and address to third parties involved with providing 911 Dialing to you, including, without limitation, call routers, call centers and local emergency centers.

1.2 Notify All Users. You should inform any household residents, guests and other third persons who may be present at the physical location where you utilize the Service of the important differences in and limitations of DNG 911 Dialing as compared with basic 911 or E911. The documentation that accompanies each Device that you purchase will include a sticker concerning the potential non-availability of basic 911 or E911 (the "911 Sticker"). It is your responsibility, in accordance with the instructions that accompany each Device, to place the 911 Sticker as near as possible to each phone that you use with the Service. If you did not receive a 911 Sticker with your Device, or you require additional 911 Stickers, please contact our customer care department at (877) 811-1133.

1.3 Location of Service. This Service is provided at a specific permanent address and not available as a nomadic offering. Before you move to another location, you must notify DNG to determine if service can be provided at your new permanent address. Service will only be provided at locations where E911 connectivity is available.

1.4 Service Outages.

(a) Service Outages Due to Power Failure or Disruption. Dependent upon your location, network backup power systems may be in place during the event of a power failure. The device provided may also provide limited battery backup. Consult with DNG to determine whether or not your device has battery backup.

i. Device with battery backup. Battery backup on qualifying devices is limited. Excessive use during a power outage will result in shortened life of the internal battery. The device will provide indication of low battery voltage.

Customer should contact DNG for instructions or replacement. Failure of network power backup systems or the MTA internal backup system during a power failure or disruption will prevent all service, including 911 dialing, from functioning.

ii. Device without battery backup. Devices that do not have a battery backup cannot support 911 dialing in event of a power failure or disruption. If there is an interruption in the power supply, the Service, including 911 Dialing, will not function until power is restored. Following a power failure or disruption, you may need to reset or reconfigure the Device prior to utilizing the Service, including 911 Dialing.

(b) Service Outages Due to Internet Outage or Suspension or Disconnection of Broadband Service or ISP Service. Service outages or suspensions or disconnections of service by your broadband provider or ISP will prevent all Service, including 911 Dialing, from functioning.

(c) Service Outage Due to Disconnection of Your DNG Account. Service outages due to disconnection of your account will prevent all Service, including 911 Dialing, from functioning.

(d) Service Outages Due to ISP or Broadband Provider Blocking of Ports or Other Acts. Your ISP or broadband provider or other third party may intentionally or inadvertently block the ports over which the Service is provided or otherwise impede the usage of the Service. In that event, provided that you alert us to this situation, we will attempt to work with you to resolve the issue. During the period that the ports are being blocked or your Service is impeded, and unless and until the blocking or impediment is removed or the blocking or impediment is otherwise resolved, your Service, including the 911 Dialing feature, may not function. You acknowledge that DNG is not responsible for the blocking of ports by your ISP or broadband provider or any other impediment to your usage of the Service, and any loss of service, including 911 Dialing, which may result. In the event you lose service as a result of blocking of ports or any other impediment to your usage of the Service, you will continue to be responsible for payment of the Service charges unless and until you disconnect the Service in accordance with this Agreement.

(e) Other Service Outages. If there is a Service outage for any reason, such outage will prevent all Service, including 911 Dialing, from functioning. SUCH OUTAGES MAY OCCUR FOR A VARIETY OF REASONS, INCLUDING, BUT NOT LIMITED TO, THOSE REASONS DESCRIBED ELSEWHERE IN THIS AGREEMENT.

1.5 Network Congestion; Reduced Speed for Routing or Answering 911 Dialing Calls. There may be a greater possibility of network congestion and/or reduced speed in the routing of a 911 Dialing call made utilizing the Service as compared to traditional 911 dialing over traditional public telephone networks.

1.6 Disclaimer of Liability and Indemnification. We do not have any control over whether, or the manner in which, calls using our 911 Dialing service are answered or addressed by any local emergency response center. We disclaim all responsibility for the conduct of local emergency response centers and the national emergency calling center. We rely on third parties to assist us in routing 911 Dialing calls to local emergency response centers and to a national emergency calling center. We disclaim any and all liability or responsibility in the event such third party data used to route calls is incorrect or yields an erroneous result. NEITHER DNG NOR ITS OFFICERS, DIRECTORS, EMPLOYEES, AFFILIATES, OR AGENTS MAY BE HELD LIABLE FOR ANY CLAIM, DAMAGE, OR LOSS, AND YOU HEREBY WAIVE ANY AND ALL SUCH CLAIMS OR CAUSES OF ACTION, ARISING FROM OR RELATING TO OUR 911 DIALING SERVICE UNLESS SUCH CLAIMS OR CAUSES OF ACTION AROSE FROM OUR GROSS NEGLIGENCE, RECKLESSNESS OR WILLFUL MISCONDUCT. You shall defend, indemnify, and hold harmless DNG, its officers, directors, employees, affiliates and agents and any other service provider who furnishes services to you in connection with the Service, from any and all claims, losses, damages, fines, penalties, costs and expenses (including, without limitation, attorney's fees) by, or on behalf of, you or any third party relating to the absence, failure or outage of the Service, including 911 Dialing, incorrectly routed 911 Dialing calls, and/or the inability of any user of the Service to be able to use 911 Dialing or access emergency service personnel.

1.7 Alternate 911 Arrangements. If you are not comfortable with the limitations of the 911 Dialing service, you should consider having an alternate means of accessing traditional 911 or E911 services or disconnecting the Service.

2.4 Prohibited Uses.

(a) Unlawful. You shall use the Service and the Device only for lawful purposes. We reserve the right to immediately disconnect your Service without notice, if, in our sole and absolute discretion, we determine that you have used the Service or the Device for an unlawful purpose. In the event of such disconnection, you will be responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a disconnection fee, if applicable, all of which will become immediately due and payable upon disconnection of your Service. If we believe that you have used the Service or the Device for an unlawful purpose, we may forward the relevant communication and other information, including your identity, to the appropriate authorities for investigation and prosecution. You hereby consent to our forwarding of any such communications and information to these authorities. In addition, DNG will provide information in response to law enforcement requests, lawful government requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the customer or others.

(b) Inappropriate Conduct. You shall not use the Service or the Device in any way that is threatening, abusive, harassing, defamatory, libelous, deceptive, fraudulent, invasive of another's privacy, or any similar behavior. We reserve the right to immediately disconnect your Service without notice, if, in our sole and absolute discretion, we determine that you have used the Service or the Device in any of the aforementioned ways. In the event of such disconnection, you will be responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a disconnection fee, if applicable, all of which will become immediately due and payable upon disconnection of your Service. You hereby consent to our forwarding of any such communications and information to these authorities. In addition, DNG will provide information in response to law enforcement requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the customer or others. Furthermore, DNG reserves all of its rights at law and equity to proceed against anyone who uses the Services illegally or improperly.

2.4.1 Additional Prohibited Uses. Permitted use of the Service does not include certain activities including, but not limited to autodialing, robocalling, transmitting any material that contains viruses, time bombs, trojan horses, worms, malware, spyware, or any other programs that may be harmful or dangerous, spoofing, continuous or extensive call forwarding, continuous connectivity, fax broadcast, fax blasting, polling, transmitting any material that may infringe, misappropriate, or otherwise violate the foreign or domestic intellectual property rights or other rights of third parties, telemarketing (including without limitation charitable or political solicitation, junk faxing, fax spamming, calling/faxing any person through the use of distribution lists or otherwise who has not given specific permission to be included in such a process) or any other activity that would be inconsistent with reasonable business usage.

You further agree not to transmit any material that encourages conduct that could constitute a criminal offense, violate the intellectual property rights of others, give rise to civil or criminal liability or otherwise violate any applicable local, state, national or international statute, regulation, or other law. You agree that you will, at all times, comply with all applicable law. You hereby acknowledge and agree to abide by the terms of the FCC's Declaratory Ruling (CG Docket No. 23-362) dated February 8, 2024 whereby the FCC clarified that calls made with AI-generated voices are "artificial" under the Telephone Consumer Protection Act ("TCPA") which means that voice cloning technology used in common robocall scams targeting consumers is illegal. Applicable law includes, as applicable, the Telephone Consumer Protection Act and the Telemarketing Sales Rule, the Pallone-Thune Telephone Robocall Abuse Criminal Enforcement and Deterrence Act ("TRACED Act"), the Truth in Caller ID Act, the Junk Fax Act, the CAN-SPAM Act, similar state laws, state laws regarding privacy and data subject rights, and the requirements of the Payment Card Industry Data Security Standard ("PCI DSS"). You agree that the Services are not intended for use with alarm systems or elevator telephone systems.

2.5 Copyright; Trademark; Unauthorized Usage of Device; Firmware or Software.

(a) Copyright; Trademark. The Service and Device and any firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Device, and all Services, information, documents and

materials on our websites are protected by trademark, copyright or other intellectual property laws and international treaty provisions. All of our websites, corporate names, service marks, trademarks, trade names, logos and domain names (collectively "marks") are and will at all times remain our exclusive property. Nothing in this Agreement grants you the right or license to use any of our marks.

(b) Unauthorized Usage of Device; Firmware or Software. Other than for Business Plus customers, you have not been granted any license to use the firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Device, other than a nontransferable, revocable license to use such firmware or software in object code form (without making any modification thereto) strictly in accordance with the terms and conditions of this Agreement. Other than for Business Plus customers, you expressly agree that the Device is exclusively for use in connection with the Service and that we will not provide any passwords, codes or other information or assistance that would enable you to use the Device for any other purpose. We reserve the right to prohibit the use of any interface device that we have not provided to you. You hereby represent and warrant that you possess all required rights, including software and/or firmware licenses, to use any interface device that we have not provided to you. In addition, you shall indemnify and hold us harmless against any and all liability arising out of your use of such interface device with the Service. You shall not reverse compile, disassemble or reverse engineer or otherwise attempt to derive the source code from the binary code of the firmware or software.

2.6 Tampering with the Device or Service. You shall not change the electronic serial number or equipment identifier of the Device or to perform a factory reset of the Device without our prior written consent. We reserve the right to disconnect your Service if we believe, in our sole and absolute discretion, that you have tampered with the Device. In the event of such disconnection, you will remain responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a disconnection fee, if applicable, all of which will immediately become due and payable. When you call or write, you must provide your account number and a detailed description of the circumstances of the Device theft, fraudulent use or unauthorized use of Service. Failure to do so in a timely manner may result in the disconnection of your Service and additional charges to you. Until such time as we receive notice of the theft, fraudulent use or unauthorized use, you will be liable for all use of the Service using a Device stolen from you and any and all stolen, fraudulent or unauthorized use of the Service. DNG reserves all of its rights at law and equity to proceed against anyone who uses the Services illegally or improperly.

2.8 Return of Device. Customers may return the Device to us if 1) you cancel services and 2) you return the Device to us within fourteen (14) days of the date you disconnected Service. DNG will also waive our disconnection fee subject to the following:

Service is disconnected within the first thirty (30) days following the activation of the Service, activation occurs when you place your order for service;

We receive the Device in its original condition, reasonable wear and tear excluded;

You return original proof of purchase with the Device, together with the original packaging, all parts, accessories, and documentation; and

You must pay all costs of returning the Device back to us.

If you receive a Device(s) that is visibly damaged, you must contact our 24x7 technical support line at 877-811-1133.

2.9 Service Distinctions. The Service is not a traditional telecommunications service and we provide it on a best efforts basis. Things beyond our control may affect the Service, such as power outages and fluctuations in the internet. Other things may affect Service, such as maintenance. DNG will act in good faith to minimize disruptions to your use of and access to Service. Important distinctions exist between telecommunications service and the Service offering that we provide. The Service is

subject to different regulatory treatment than telecommunications service. This treatment may limit or otherwise affect your rights of redress before regulatory agencies.

2.10 Ownership and Risk of Loss. You will bear all risk of loss of, theft of, casualty to or damage to the Device, from the time it is shipped to you until the time (if any) when it is returned to us in accordance with this Agreement.

2.11 May Not Support x11 Calling. The Service does not support, including, without limitation, collect calls, third party billing calls, calling cards or 900 calls. The Service may not support 311, 511 and/or other x11 (other than certain specified dialing such as 911 and 411), which are provided for elsewhere in this Agreement) services in one or more (or all) service areas.

2.12 Incompatibility With Other Services.

(a) Home Security Systems. The Service may not be compatible with home security systems. You may be required to maintain a telephone connection through your local exchange carrier in order to use any alarm monitoring functions for any security system installed in your home or business. You are responsible for contacting the alarm monitoring company to test the compatibility of any alarm monitoring or security system with the Service.

(b) Certain Broadband, Cable Modem, and Other Services. You acknowledge that the Service presently is not compatible with AOL cable broadband service, certain versions of TiVO, and there may be other services with which the Service may be determined to be incompatible. You further acknowledge that some providers of broadband service may provide modems that prevent the transmission of communications using the Service. We do not warrant that the Services will be compatible with all broadband services and expressly disclaim any express or implied warranties regarding the compatibility of the Service with any particular broadband service.

2.13 Resale.

Company's Services are not intended to be resold by third parties. Customer shall not resell the Company's Services in whole or in part without the Company's express written consent which may be withheld at Company's discretion. In the event that resale is permitted and Customer purchases Service(s) for resale, Customer shall be solely responsible for the interaction between Customer and Customer's end users with respect to the Services. Customer will cooperate with Company to enable Company to provide the Services and will allow Company to use any customer proprietary network information (information that relates to the quantity, technical configuration, type, destination and amount of use of the Services by an end user and that is made available to Company as a result of Company's provision of the Services) from such end users to facilitate the provision of Service and to offer additional services to such users. Customer's authorization to Company to use, disclose and permit access to customer proprietary network information will remain in effect until Customer affirmatively terminates such access. The following terms and conditions shall apply to Customer's rights and responsibilities as an authorized reseller of the Services:

(1) Customer is solely responsible for obtaining all licenses, approvals, and regulatory authority for its use and operation of the Services and the provision of Services to its end users. In connection with its resale of the Services, Customer is solely responsible for all billing, billing adjustments/credits, customer service, creditworthiness and other service-related requirements of its end users, and Company shall have no liability to Customer's end users. Customer's payment obligations hereunder are not contingent upon Customer's ability to collect payments or charges from its end users or any other third party. In addition to the remedies for failure of Customer to make payment set out elsewhere (including in these Terms and Conditions), if Customer fails to make payment for the underlying Service that is being resold to a third party then Company reserves the right to directly bill the end user customer for the Service at Company's sole discretion.

(2) Company may, without penalty, suspend any or all of the Services immediately and/or terminate Contract and/or Service Order(s) with Customer then in place if: (a) Customer fails to comply with any applicable foreign, federal, state or local law or regulation applicable to Customer's resale of the Services; (b) Customer or its end user(s) commit any illegal acts relating to or involving the Services; or (c) Customer uses the Services in a manner which, in the opinion of Company, are illicit or improper. During any period of suspension pursuant to the foregoing sentence, no Service outage or interruption shall be deemed to occur. Customer shall: (i) be liable to Company for any damages caused by any acts of Customer or its end users, in connection with its use or resale of the Services; and (ii) indemnify, defend and hold Company, its Affiliates, agents, and contractors harmless from and against any third party (including end users') claims, actions, damages, liabilities, costs, judgments or expenses (including attorney fees) arising out of or relating to Customer's or end user's use, resale or modification of the Services or Customer's failure to comply

with any regulatory filing or reporting requirements or failure to make any required regulatory or contributory payments (including but not limited to universal service support mechanisms).

(3) Customer shall not be excused from paying for Services on the basis that fraudulent calls, unauthorized use or other usage of the Service comprised a portion (or all) of Customer's utilization of the Service. Customer shall protect, defend, indemnify, and hold harmless Company, its officers, directors, employees, contractors, and agents, from and against any and all liabilities, allegations, claims, losses, damages, expenses (including reasonable attorney's fees and costs), judgments, and causes of action arising from or related to fraudulent calls, unauthorized use or usage of the Service to the extent that the person or entity claiming the calls or usage to be fraudulent is (or had been at the time of the call or usage) a user or other person or entity that would have had access to the Service through Customer. Company shall be entitled to take immediate action without notice or liability to Customer as it deems necessary in its sole discretion to prevent fraudulent calls or other usage of the Service; provided, however, that Company is under no obligation to undertake such action.

(4) Robocalling Mitigation Database Registration. If Customer is considered a domestic or foreign voice service provider by the FCC, Customer is required to register with the FCC's Robocall Mitigation Database. As mandated by the FCC, Company will block or otherwise not transmit Customer's voice calls to or from a United States phone number if Customer is not registered in the FCC's Robocall Mitigation Database.

3. Voice Service Charges and Taxes

3.1 Billing. As described in Section 3 of the Internet and Voice Services Agreement, we will bill all charges, applicable taxes and surcharges monthly in advance (except for usage-based charges, which will be billed monthly in arrears, and any other charges which we decide to bill in arrears), including but not limited to:

activation fees; monthly Service fees; usage charges; international usage charges; advanced feature charges; advanced features/add-ons; subscriber line charge, universal service fund; 911 fees; federal, state and/or local taxes; disconnection fees; and shipping and handling charges.

The amount of such fees and charges shall be published on our website and may change from time to time. DNG may introduce new products and services at special introductory pricing. Introductory pricing may change at DNG's discretion. Monthly invoices will be sent to you via your email address on file with us. Any usage charges will be billed in increments that are rounded up to the nearest minute unless otherwise set forth in the rate schedules found on our website.

The above fees are defined as follows:

Activation Fee - This fee covers charges for setting up your account and activating you on our system.

Monthly Service Fee - This is the basic charge associated with your service. This fee includes the calling charges defined by your plan, the features associated with your plan and basic account services.

Directory Assistance - DNG bills for calls to directory assistance and other information services.

International Usage Charges - These are the fees associated with calls to locations outside of the US, and Canada.

Charges for Operator Assistance (0). Current rates will apply for dialing 0 to reach operator assistance. Charges apply for each call made

Universal Service Fund - The Universal Service Fund (USF) provides support to promote access to telecommunications services at reasonable rates for those living in rural and high-cost areas, income-eligible consumers, rural health care facilities, and schools and libraries. All telephone companies that provide service between states and internationally, including wireless companies, must contribute a percentage of their revenues derived from these services to the USF.

Taxes - DNG is required to bill and collect local, state and federal taxes imposed on DNG customers by the various taxing authorities. DNG passes all taxes it collects on to the appropriate taxing authority.

911 Fees - State and/or local governments may assess fees on DNG to pay for emergency services in your community. DNG bills and collects 911 fees from its voice customers and remits such fees to the appropriate authority. Depending on where you live, these fees can vary widely. DNG is committed to supporting public safety services and resources in your State.
